SUPPLEMENTARY INFORMATION:

Background

On November 1, 2013, at 78 FR 65751, the FHWA published in the Federal Register a notice regarding the Integrated Corridor Management Deployment Planning Grants. The purpose of this notice was to invite States, Metropolitan Planning Organizations, and local governments that intended to initiate or continue Integrated Corridor Management development with their partners, such as arterial management agencies, tolling authorities, and transit authorities, to apply for deployment planning grants. The Moving Ahead for Progress in the 21st Century Act authorizes the FHWA to encourage Intelligent Transportation Systems deployment on the national highway system through demonstrations and grant programs. The purpose of this program is to promote the integrated management and operations of the transportation system, thereby improving multimodal transportation system management and operations.

The original application period is set to close on December 31, 2013. The extension in this notice is based on input received from DOT stakeholders that the December 31 closing date does not provide sufficient time for submission of applications. The FHWA agrees that the application period should be extended. Therefore, the closing date for applications is extended to January 17, 2014.

Issued on: December 16, 2013.

Victor M. Mendez,

FHWA Administrator.
